## **Training Report:**

- A training report is a written assessment of the advantages and disadvantages of a training course after it has been completed.
- It provides an overview of the training programme information, such as the course's name, location, description, goals, and date.

#### **Employee Training and Safety Initiatives**

This slide illustrates the efforts undertaken by the company to make the workplace more safe and secure. It includes information about the multiple trainings imparted along with the company health and safety management framework.

# **Performance Management Training:**

Performance
 management is a type of
 management where an
 organisation creates a
 work environment where
 people may perform their
 best work.

#### Performance Management Training Four Quarter Roadmap

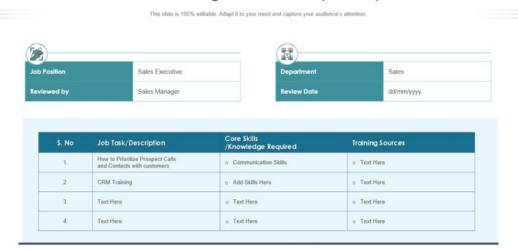

This slide is 100% editable. Adapt it to your needs and capture your audience's attention.

- The process of enhancing a seller's abilities, knowledge, and characteristics in order to influence seller behaviour and increase sales success is known as **Sales Training**.
- Sales training should be seen, planned, and implemented as a change management initiative for maximum effectiveness.
- A turning point has been achieved in sales training.

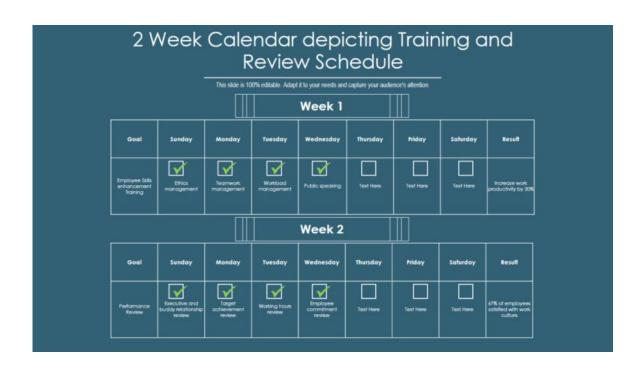

#### Sales Training Need Analysis Report

# Preparing a training schedule :

- Determine the learning goals.
- Clarify Important
   Concepts and Related
   Ideas.
- Arrange the information.
- Consider Presentation Strategies.
- Specify evaluation.
- Think about timing.

- The specifics of the intervention program described in the business requirements and instructional requirements documents are laid out in the Training Program Implementation Plan.
- Training planning can be broken down into four steps:
- I) determine the goals and needs for the training;
- II) create the training strategy;
- III) create the course design;
- IV) create the training materials.
