- **The sprint timeline** divides the development process into "sprints," or timeboxes of work.

- Each sprint has a goal, and at the end of the sprint, a review meeting is held to determine if the goal was met.

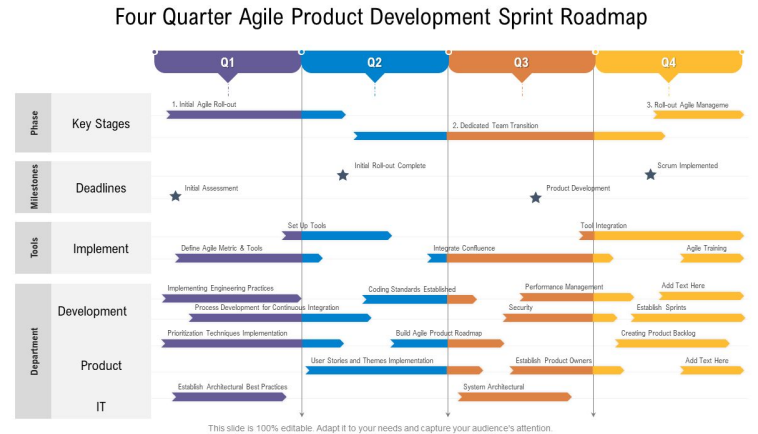

Sprint Timeline Outline

This slide is 100% editable. Adapt it to your needs and capture your audience's attention.
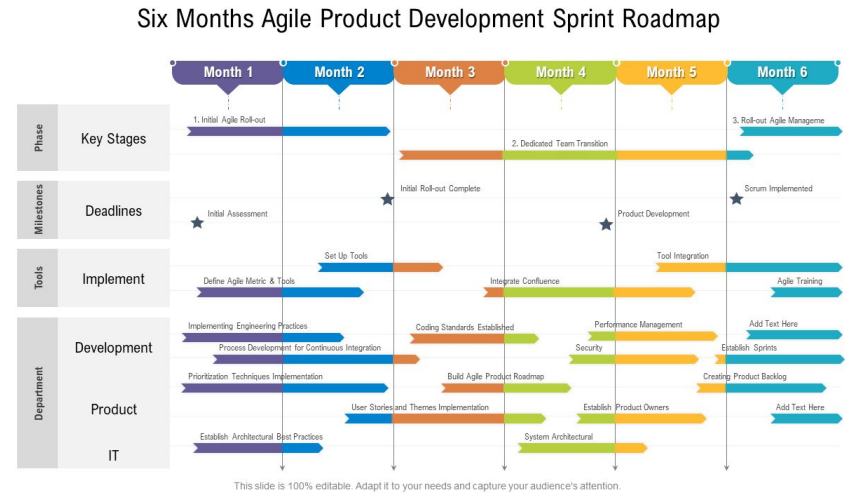

- It is a visual representation of the amount of time a team has to achieve its objectives.
- **A sprint schedule** is a document that details the sprint planning process from start to finish. It is one of the first steps in the agile sprint planning process, and it necessitates thorough research, planning, and communication.

Four Quarter Agile Product Development Sprint Roadmap

		Q1	Q2	Q3	Q4
Phase	Key Stages	1. Initial Agile Roll-out		2. Dedicated Team Transition	3. Roll-out Agile Manageme
Milestones	Deadlines	Initial Assessment	Initial Roll-out Complete	Product Development	Scrum Implemented
Tools	Implement	Set Up Tools / Define Agile Metric & Tools	Integrate Confluence	Tool Integration	Agile Training
Department	Development	Implementing Engineering Practices / Process Development for Continuous Integration	Coding Standards Established	Performance Management / Security	Add Text Here / Establish Sprints
	Product	Prioritization Techniques Implementation	Build Agile Product Roadmap		Creating Product Backlog
		User Stories and Themes Implementation		Establish Product Owners	Add Text Here
	IT	Establish Architectural Best Practices	System Architectural

- The **Waterfall methodology,** also known as the Waterfall model.
- It is a sequential development process that flows like a waterfall through all phases of a project (for example, analysis, design, development, and testing), with each phase completely wrapping up before moving on to the next.
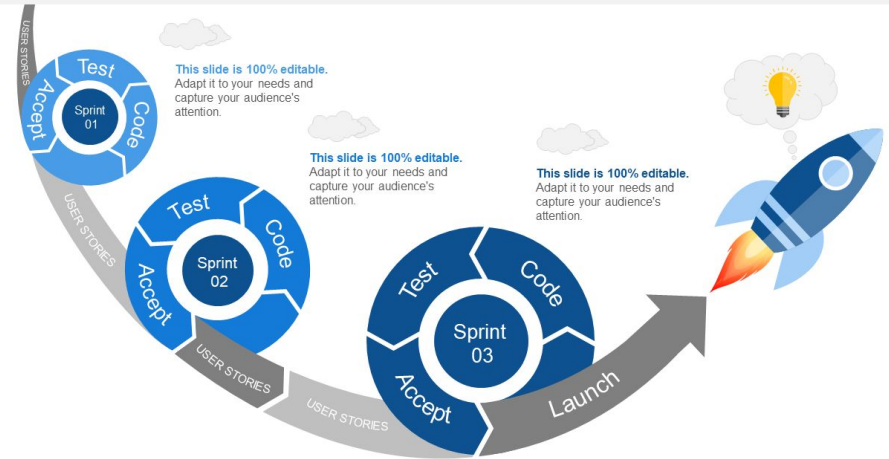

Agile Testing 3 Sprint Waterfall Method

Principles of Agile development :

- Individuals and interactions take precedence over processes and tools.

- Working software takes precedence over comprehensive documentation; customer collaboration takes precedence over contract negotiation.

- And responding to change takes precedence over following a plan.

FAQs

When to make a Sprint timeline?

- A sprint schedule should ideally be created early in the development process, before you get to the planning stage.

- Sprint schedules should be highly fluid in the beginning.

- You will almost certainly have to make changes before you arrive at a final plan on which everyone can agree.

How does agile test planning work?

An Agile Test Plan must possess a correct and straightforward structure that includes business inputs as well as QA tasks.It specifies the following topics:

- User narratives.
- The QA environment.
- The scope of the testing.
- The testing procedure.
- Dependencies and risks.
- Estimates and criteria for exit.

What are the phases of the agile software testing life cycle ?

The following are the **phases of the agile software testing life cycle:**

- Impact assessment.

- Agile testing strategy.

- Ready for release.

About Us

- **SlideTeam is a premier Research, Consulting and Design agency that develops and templatizes industry processes and best practices, frameworks and models across all industry and verticals to help customers present their strategies effectively and convincingly.**
- **In addition, Slide Team compiles data and statistics from thousands of sources over a wide range of topics to help customers make intelligent decisions. We develop and present our research in the form of fully editable PowerPoint templates to make it easy for our customers to create presentations based on their individual requirements.**
- **With a large team comprising of Research Analysts, Statisticians, Industry Experts and Designers spread over 6 countries, SlideTeam now hosts the world's largest collection of Ready to Use PowerPoint templates on all topics and industries.**
- **Our team consists of professionals from Fortune 500 companies and Top Tier consulting firms involved in the process of researching and designing over a million slides that are available for our users on a subscription basis.**
- **To Contact Us and set up a Live Product Demo join us here .**
