Agile dashboards provide a bird's-eye view of everything that is happening on a project, including :

- where the moving parts are
- what is being done
- what needs to be done
- what is completed
- as well as some agile metrics.

A system has many moving parts, which can be confusing at times.

Agile Project Status Dashboard with Story Details

The following slide shows Agile Project Status Dashboard with project summary, story details, possible risks and mitigation strategies, team velocity, project status, percentage of budget spent etc.

Project Name Here		Status
Budget Spent	30%
